

Requirements/Verification of Membership and Boat Registration

Local or District Events

To compete in any Snipe event, which includes fleet races and regattas, the Snipe Class requires the following:

- 1) That the skipper be a current Member of the Class
- 2) That the boat be currently registered with dues paid

National or International Championship Events

To compete in any National Championship, or International Snipe event, which includes Women's, Master's, Junior's and Senior's, the Snipe Class requires the following:

- 1) That the skipper be a current Member of the Class
- 2) That the crew be a current Member of the Class
- 3) That the boat be currently registered with dues paid
- 4) The sail number being used (if not corresponding to the number of the hull being used) must be currently registered with dues paid.

Membership Verification and Boat Registration

When you join the Class in the USA you will receive a receipt acknowledging your registration and payment. Please carry this receipt with you to Snipe events.

Individual USA Memberships and hull registrations can be verified by reviewing the current year's SCIRA USA Member and Boat List posted in the District Section of the snipeus.org Web Site and the SCIRA International on Line Data Base on the snipe.org Web Site.

When you register a boat, you will receive a small circular decal bearing the year. Please affix this decal to the starboard side of your Snipe, near the stern, just below the deck. Fleet officials and regatta organizers and the race committee will be looking for this decal to verify that your boat is properly registered with the Class.
